Home and Residential Aged Care Facility Visit Policy

Home and aged care facility visits are offered by our clinic at the discretion of your regular doctor. Home and aged care facility visits are considered only for existing patients.

If the Crane General Practice is unable to provide home or aged care facility visits for yourself or family member we will refer on to a clinic or doctor who is able to provide the service. Full clinical handover to an alternative GP will incur no additional cost.

Fees

All home and aged care facility visits are bulk billed.

Contact

To enquire about home or residential aged care visits please make an appointment with your regular doctor.

Appointments can be made via our website, <https://thecranegp.com.au/> or by calling the clinic on (03) 90883258.
